

Institutional Effectiveness Committee
Basic Skills Initiative Request for Resources
Supplemental Information Request

Directions: Please provide the information requested as an attachment to an electronic Resource Request if you would like to be considered for BSI funding. The information will be considered in prioritizing projects for funding.

1. Highlight the IVC long term BSI goal(s) that your proposal is aligned with:
 - a. Refine basic skills courses at Irvine Valley College based on extant research and data to improve student success, retention, and transition to college level courses and programs.
 - b. Share and institutionalize to the degree possible successful techniques and best practices that, based on research, help developmental students achieve their academic goals.
 - c. Through dialog with ESL faculty, assess, plan and implement possible programmatic redesign or other changes that will result in significantly improved outcomes for students planning to progress through an ESL sequence or advance to college/transfer level courses at IVC.
2. Identify the strategy in your Program Review/PR update in TracDat that this proposal addresses:
3. Identify the Strategic Planning Objective(s), recommendations of Student Success Task Force, or other strategic initiative that this proposal addresses:
4. Has this resource request has been discussed/reviewed at a School or Department meeting?
5. Please provide data, citations, or other evidence of the need for this project to address an identified goal, issue or problem identified in your Program Review.
6. Describe how the anticipated impact of the project on student success is will be measured.
7. Describe the research plan you will use to assess the outcomes of this project.
8. What is the anticipated impact of the project on student success (large or small impact, approximate number of students affected) and what your expectation is based on?
9. Please identify the resources requested by category and the estimated cost for each item. Add additional rows as necessary. Please sum the funds requested.

Request	Description	Cost
e.g. Stipend (number)	2:1 noninstructional rate (\$37.87) X # faculty X # hours	

.

10. What is the cost of this project per student served by this proposal? Could the project be scaled up to affect more students? If yes, what would be the estimated cost of proposal per student?

11. Does this project leverages funding from sources other than BSI? If yes, please explain.

12. What is the timeline for implementation of this project?

13. Will your research provide data ISLO for assessment? If yes, which one(s)?

14. Will your project research design provide outcome data for one of the State Chancellor's Office BSI research areas (highlight if yes):

- a. Tutoring
- b. Learning Communities
- c. First-Year Experience Programs
- d. Summer Bridge Programs
- e. Supplemental Instruction
- f. Early Alert
- g. Transition from noncredit to credit
- h. Acceleration
